SUMMARY

To gain practical exposure and apply my academic knowledge in a real-world setting through an internship while developing industry-relevant technical and professional skills. Eager to contribute to the organization's goals through dedication, continuous learning, effective teamwork, and a strong commitment to delivering quality results.

WORK EXPERIENCE

Zephyr Technologies and solutions private limited

June 2026-July 2026

Full Stack Developer Intern – Zephyr

- Assisting in the design, development, and maintenance of full-stack web applications by working on both front-end and back-end components. Writing clean, efficient, and maintainable code while following industry best practices.
- Collaborating with senior developers to implement new features, troubleshoot bugs, and improve application performance. Continuously learning modern web technologies and contributing to team projects in an agile development environment.

EDUCATION

Bachelor of Engineering - Computer Science and Engineering

Sep 2023-Present

- Building a strong foundation in programming, databases, and software development.
- Developing technical and problem-solving skills through academic projects and practical learning.
